ABOUT US

What are Cryptocurrencies? Cryptocurrencies are digital tokens. They are a type of digital currency that allows people to make payments directly to each other through an online system. Cryptocurrencies have no legislated or intrinsic value; they are simply worth what people are willing to pay for them in the market.

What is Crypto Trading

Cryptocurrency trading means taking a financial position on the price direction of individual cryptocurrencies against the dollar (in crypto/dollar pairs) or against another crypto, via crypto to crypto pairs. Scammers are always finding new ways to steal your money using cryptocurrency. To steer clear of a crypto con, here are some things to know. Only scammers demand payment in cryptocurrency. No legitimate business is going to demand you send cryptocurrency in advance – not to buy something, and not to protect your money.

What is Cryptocurrency

Cryptocurrencies are digital tokens. They are a type of digital currency that allows people to make payments directly to each other through an online system. Cryptocurrencies have no legislated or intrinsic value; they are simply worth what people are willing to pay for them in the market. What is cryptocurrency? A cryptocurrency is a digital currency, which is an alternative form of payment created using encryption algorithms. The use of encryption technologies means that cryptocurrencies function both as a currency and as a virtual accounting system.
